Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Saturday 13 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with snow spreading east. Icy conditions possible. Windy.

Today:
Cloudy with outbreaks of occasionally heavy snow spreading east, giving some significant accumulations, especially on hills and a risk of freezing rain giving icy conditions. The snow turning to rain at lower levels later. Strong southeasterly winds with coastal gales. Maximum temperature 4 deg C (39 deg F).

Tonight:
Remaining cloudy with further outbreaks of mainly light rain and, at least initially, sleet and hill snow. Remaining windy with strong southeasterly winds with coastal gales. Minimum temperature 0 deg C (32 deg F).

Sunday:
Cloudy with outbreaks of occasionally heavy rain. Then rain clearing to sunny spells and showers later. Southeasterly winds turning southwesterly later and easing. Milder with a thaw of lying snow. Maximum temperature 11 deg C (52 deg F).

Outlook for Monday to Wednesday:
Sunny spells and showers through Monday. Overnight rain and strong southerly winds clears to sunshine and showers on Tuesday. Wednesday looks cloudier with occasional rain, perhaps heavy and persistent later.
